# This is all about formatting

We know that the internet is a wonderful place to visit but why do some things on a web pages catch our eye more than others. It is because of the *formatting* and the **emphasis** of different elements to a page. **Bold** *italic* underline *em* and **strong** are all tags that can be used for this task.

## About

It can be intimidating for women to learn and ask questions when they are in an **extreme minority**. While open and welcoming, today's budding developer community is up to **91% male**. If we can empower more females with the confidence in their technological capabilities *we can begin to change this landscape.*
